Annal Street, Kinniya 03, Trincomalee

Motivated HND in Information Technology student with knowledge of web development, software development, databases, computer hardware, networking and troubleshooting. Familiar with HTML, CSS, JavaScript, PHP, MySQL and basic programming concepts. Seeking a six-month internship in Web Development, Software Development or IT Support to gain practical experience and improve technical skills.

EDUCATION

Higher National Diploma in Information Technology (HNDIT)

Jul 2024 – Sep 2026

Sri Lanka Institute of Advanced Technological Education (SLIATE) — Trincomalee

TECHNICAL SKILLS

- Programming Languages: PHP, Java, Python (basic)
- Web Development: HTML, CSS, JavaScript, PHP
- Database: MySQL, phpMyAdmin
- Tools & Platforms: Git/GitHub, XAMPP, Firebase (FCM), REST APIs
- IT Support: Windows installation, software installation, basic hardware troubleshooting, printer setup and user support

ACADEMIC PROJECTS

TaskFlow — Task Management Web Application (First Year)

Jul 2024 – Jan 2025

HTML • CSS • JavaScript • Local Storage

- Designed a responsive, browser-based application for managing daily tasks, deadlines and priorities.
- Planned CRUD functions for creating, editing and deleting tasks, with status and priority tracking.
- Included search, filtering, sorting and dashboard statistics for completed and overdue tasks.
- Used browser Local Storage to provide offline access and retain task data without a backend server or database.

TrustHire AI — Recruitment Fraud Detection System (Final Year)

Apr 2026 – Sep 2026

Python • Flask • HTML • CSS • JavaScript • SQLite • Machine Learning

- Designed an AI-based web application to identify potentially fraudulent job advertisements.
- Planned a machine-learning pipeline using TF-IDF and Logistic Regression for text classification.
- Designed a Flask backend with SQLite database storage and multi-user scan history.
- Included input validation, fraud-risk scoring and an interactive web dashboard using JavaScript and AJAX.

CORE STRENGTHS

- Basic web and software development knowledge
- Computer troubleshooting and IT support skills
- Quick learner and willing to learn new technologies
- Good problem-solving and teamwork skills
- Responsible and punctual

LANGUAGES

- Tamil — Native
- English — Working Proficiency
